About Me ————————

Along my academic career, I have been interested in programming and data analysis. Towards the end of my doctorate, seeking a greater impact on society, I began to get involved in health data and Public Health. Currently, I am particularly interested in the ethical implications of the use of health data, the new technologies available in this domain, and their potential impact on society.

Interests ————————

Data Science - Artificial Intelligence - Public Health - Ethics - Open Science

Skills ————————

R/RStudio - Matlab - Python - Arduino - GitHub - GitLab - Markdown - LaTeX - Office/LibreOffice/OpenOffice - OS: Windows/Ubuntu

Languages ————————

Spanish - English - Portuguese

Experience

Present – Aug/2021	Researcher	Argentinean Public Health Research on Data Science and Artificial Intelligence for Epidemic Prevention (ARPHAI)

- Member of the Responsible Use of Data team.
- Development of free text anonymization algorithm for electronic health records in Spanish.
- Publication of awareness documents on the Responsible Use of Health Data.

Jun/2022 – Jul/2021	Consultant	Ministry of Health of the City of Buenos Aires

- Development of a standardized treatment of requests for health information based on risk assessment.

Jun/2021 – Mar/2019	Data Analyst	Ministry of Health of the City of Buenos Aires

- Development of dashboards, reports and training materials

Jul/2021 – Jun/2013	Doctoral fellow	Sensorimotor Dynamics Lab, National University of Quilmes

- Title: Sensorimotor synchronization. Spatiotemporal perturbations in a paced finger tapping task.
- Mentor: Rodrigo Laje

Mar/2013 – Jun/2011	Undergraduate internship	Dynamical Systems Lab, University of Buenos Aires (UBA)

- Title: Psychoacoustics and anatomy of vocal imitation in humans.
- Mentor: Marcos Trevisan

Education

2021	Ph.D. in Biology	UBA
2014	Higher and Secondary Education Biology Professor	UBA
2013	B.Sc. in Biology	UBA
